## Pesticide Risk Reduction Education Newsletter

We publish a newsletter *The Pesticide Label* four times a year and make it available on the Internet.

In the newsletter, we present four kinds of articles:

- Articles for recertification credit  
*Pesticide applicators certified by the State of Hawaii Department of Agriculture may earn recertification credits from the Department by answering sets of review questions based on the "recertification" articles included in each issue. For details, read about the Hawaii Department of Agriculture's Quiz Sessions at the bottom of this webpage:*

[hdoa.hawaii.gov/pi/pest/pesticide-applicator-certificationrecertification-2/](http://hdoa.hawaii.gov/pi/pest/pesticide-applicator-certificationrecertification-2/)

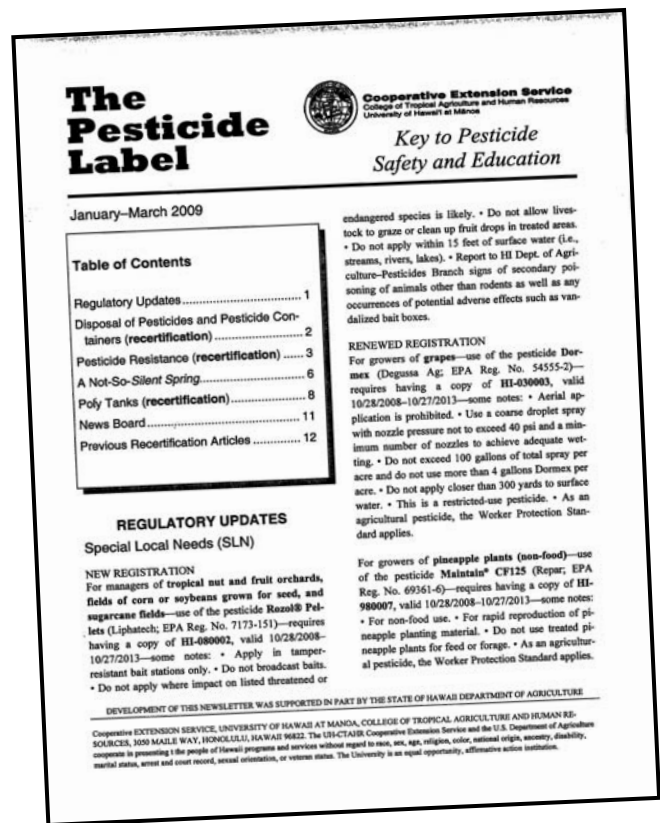

- Regulatory updates
- Current topics
- Reviews of books, leaflets, web sites, and videos about proper pesticide handling

Download current and past issues from:
